From: Paula Compton, Associate Vice Chancellor, Articulation and Transfer

Date: August 7, 2018

Subject: Announcement of the Ohio Guaranteed Math and Science Transfer Pathways

On July 24, 2018, the Chancellor of the Ohio Department of Higher Education (ODHE) approved the proposed Ohio Guaranteed Math and Science Transfer Pathways for Associate of Science degrees in Biology, Chemistry, Geology, Mathematics, and Physics. Please see the attached pathway templates.

The development of these pathways began in November 2017 with the work of the statewide Ohio Guaranteed Transfer Pathway Math and Science faculty panel, which was comprised of representatives from the public institutions of higher education. I would like to recognize and thank each panel member for their work both on the panel and within their institutions to build these pathways. I would also like to extend a special thanks to those who took leadership roles in this effort. The statewide Math and Science panel was led by Dr. Rhea Busick from Rhodes State College, Dr. Steven Hubbard from Lorain County Community College, Dr. Ibrahim Katampe from Central State University, and Dr. Andrew Napper from Shawnee State University.

In order to begin the implementation of the Ohio Guaranteed Math and Science Transfer Pathways, we are asking for all institutions to enter their specific course information in each pathway template. Four-year institutions are also asked to provide information about the courses needed to complete a bachelor's degree if a student were to complete the pathway. All institutions must submit a response to each pathway. Please make sure that the appropriate faculty members are involved in this process. Detailed instructions as well as the fill-in versions of the templates for each of the eight pathways should be downloaded from our website:

https://www.ohiohighered.org/content/document_upload_articulation_transfer_event

We will also host webinars to provide further instruction on completing the templates and to answer any questions. Dates and times for the webinar are: Friday, August 24 from 10:00-11:00 am; Tuesday, August 28 from 1:00-2:00 pm; Friday, September 14 from 2:00-3:00pm; or Wednesday, October 10 from 11:00-12:00.

The deadline to submit your institution's completed templates is **October 26, 2018**. Submissions prior to the deadline are accepted and appreciated. If you have any questions, please contact Candice Grant, Director of the Ohio Guaranteed Transfer Pathways, at 614-466-6184 or cgrant@highered.ohio.gov or Katie Dean, Administrator of the Ohio Guaranteed Transfer Pathways, at 614-387-1012 or kdean@highered.ohio.gov.
